

CQHHS BEMS BEMSFLOW001 Asbestos Flowchart

Before any works can proceed on any QHealth owned properties, you must check the Asbestos Register which is located in S:/CQHHS BEMS/Asbestos/ CQHHS/ Asbestos Register

Contact is to be made with the BEMS Office via email or phone for a Work Area Access Permit before works can commence. 0749206180 | cqhhsbems@health.qld.gov.au

Question:
Can work commence without a permit? NO. Before any work can be performed on Asbestos Containing Material, a permit must be issued. NO EXCEPTIONS.

BEMS will email a copy of the signed permit.

Once works have been completed, the permit must be returned to BEMS with all supporting documentation.

BEMS will then input this information into the Asbestos database.
